### **Notification of Abortion Reporting Requirements**

[Arizona Revised Statute Title 36 Chapter 20 Article 2](#) requires medical facilities and practitioners licensed and operating within Arizona to report abortion procedures performed and medical care provided for complications resulting from an abortion or attempted abortion. The law became effective July 29, 2010.

The law applies to:

- 1) Medical facilities licensed and operating within Arizona where abortion procedures are performed.
- 2) Medical practitioners licensed and practicing within Arizona who perform abortion procedures.
- 3) Medical practitioners licensed and practicing within Arizona who provide medical care/treatment for complications resulting from an abortion or an attempted abortion.
- 4) Arizona Administrative Office of the Courts.

Reports are submitted to the Arizona Department of Health Services monthly using a web-based, password accessible reporting system. Please visit <http://www.azdhs.gov/plan/crr/ar/> for additional reporting information.

If you have additional questions please call the Arizona Department of Health Services at (602) 542-1242.

Thank You.
