### Attention Applicants

Thank you for your interest in obtaining a license to practice medicine in Arizona. We are excited to have the opportunity to work with you and help guide you through the application process.

Our mission is to protect public safety through the judicious licensing, regulation and education of all allopathic physicians. A license to practice medicine in Arizona is a privilege, not a right. Please do not assume that licensure is a mere formality or that granting of a license is automatic. Please give your application the time and attention needed to accurately answer all questions. It is the applicant's responsibility to ensure that the information disclosed on the application is correct.

Once your completed application and fee are received by the Board, your application will be reviewed to determine if all items needed to meet Arizona's Revised Statutes and Rules for licensure have been submitted. Please understand that some of the documentation required for licensure must come from the primary source (third party). This can add time to the licensing process. It is the applicant's responsibility to request the documentation from the primary source to be sent directly to the Board. A checklist is provided with this application packet for your convenience.

Some applications evidencing a history of disciplinary action require in-depth investigation and may require additional time and your cooperation. It may become necessary for an applicant to come to the Board's office in Phoenix for an interview as part of the application process. Additionally, if an investigation is required, your application must go before the full Board for consideration of your application.

We will make every effort to complete the application process as quickly as possible. If you have any questions, please do not hesitate to call or email the Board's office. Our staff is happy to assist you in any way we can.

Again, thank you for your interest in an Arizona medical license.
